B. hur to-geth-er, breathe, breathe, breathe, breathe.

Vc.

Pno.

* -the last choral sound should be an audible, unvoiced "th" rather than the normal voiced "th" in "breathe;" an audible exhalation;
 -the F and A are colour tones, and should be "felt" and not dominate;
 -the low bass E \flat is optional, and can be added if it is possible, try using an "ah" vowel rather than the prevailing "ee" of "breathe."
