DEEPER

Often at night, sometimes
out in the snow or going into ' , the hunch says,
"Deeper."

I don't know what it means
Just, "Push it. Go further deeper."
And when they come at me I get
antsy at times, but stay put and it keeps saying,
"Deeper. This is you must go deeper."

There is danger, also
beautiful fear and I believe it can issue in
gesture and word; but I cannot control it,
all I can do is the thing—

"Deeper. You must go further. You must go deeper."
